**CORGIGENDUM**

NEW DELHI, Dated the 5th December, 2011

Subject: Final Findings of Anti-Dumping investigation concerning imports of Cold Rolled Flat Products of Stainless Steel from China PR, Japan, Korea, European Union, South Africa, Taiwan (Chinese Taipei), Thailand and USA

---

**No.14/6/2008-DGAD:** Attention is invited to the Final findings Notification No.14/6/2008 dated 24th November, 2009.

i. The second sentence of sub-para (c) (ii) of para 12.2 of the said findings is amended to read as under:-

In respect of the exclusion already notified in the Preliminary Findings in respect of Grade 430 BA Silver Ice exported by M/s Thyssenkrupp Stainless International Germany, the domestic industry has provided evidence of supply of this grade during POI, hence, the exclusion of this grade is not maintained. In respect of grade 420, the supply is also during POI, as evident from the copies of invoices submitted. Therefore, the exclusion of this grade is discontinued.

ii. The third and fourth sentence of sub-para (c) (iv) of para 12.2 of the said findings is amended to read as under:-

Evidence has been placed on record by the domestic industry to establish the equivalence of these two grades to grades 2205 and 2304. Hence, the Authority has included the duplex stainless steel grades 2205 and 2304 within the purview of anti-dumping duty.

iii. The second and third sentence of sub-para (f) of para 12.2 of the said findings is amended to read as under:-

The technical evidence in support of such equivalence has been furnished in this regard. Hence, the exclusion is discontinued.
iv. Sub-para a) & b) of para 13 of the said findings are amended to read as under:-

a) Grade AISI 420 High carbon (0.28%-0.40%), supplied by M/s Thyssenkrupp Stainless International, Germany, Grade AISI 441 and Grade AISI 443.

b) Duplex Stainless Steel grades EN 1.4835, 1.4547, 1.4539, 1.4438, 1.4318 and 1.4833 and Ferritic Grade EN 1.4509.

v. Sub-para d) & e) below the duty table under Para 86 of the said findings are amended to read as under:-

d) Grade AISI 420 High carbon (0.28%-0.40%), supplied by M/s Thyssenkrupp Stainless International, Germany, Grade AISI 441 and Grade AISI 443.

e) Duplex Stainless Steel grades EN 1.4835, 1.4547, 1.4539, 1.4438, 1.4318 and 1.4833 and Ferritic Grade EN 1.4509.
